Interested to join “Lalitsa” Non-Profit Association?

Below you can find out more about us and our vision.

Dear prospective member,

thank you very much for your interest in “Lalitsa”, an association founded on the vision of its people to promote good practices in various fields of action including the environment, culture, education and learning and food production in Greece.

Our activities consist mainly of pooling resources, promoting synergy and supporting small-scale yet efficient actions, focusing every single time on a good cause chosen jointly by all our members. A genuine wish to make a contribution to society, an open mind to learning new things and a creative flair: these are the bonds that hold our core team together.

Our overarching goal is to introduce good practices to local communities, while bringing together individuals from different backgrounds who share our principles and values and would like to actively participate on the ground or support our actions from anywhere in the world.

All the above traits are reflected in our Articles of Association (see excerpt below):

« Objectives of “Lalitsa” Non-Profit Association:

- a) Protection of the natural environment and biodiversity of Greece.
- b) Study, support and promotion of Greek history and culture in all their facets.
- c) Support and promotion of local agricultural products and hand-crafted goods, as well as preservation and promotion of traditional methods of production employing good practices that respect the local communities, natural resources, humanity and the ecosystem.
- d) Empowerment of the human resources of Greece by showcasing and enhancing their skills in different fields of creative action.
